Dear ESF Families,

At ESF, we set out to design and operate the world's best education, sports, and fun experiences that ignite optimism and happiness in the young and the "young at heart," and we inspire others to do the same. We understand the incredible responsibility that we have to care for your camper's health and well-being, and we consider it a privilege to have the opportunity to watch them grow, year after year.

We are more than an organization or a company; we are a Team of amazing people doing extraordinary things set apart by our Core Values to be Dreamers, Believers, Achievers, Learners and Doers. These Core Values underline the way we operate and perform in every aspect of our work. They compel us to make a difference in the lives of others and define who we are and why we do what we do.

This year, we introduced the phrase, "**MAX JOY**," which refers to the strong desire to live and thrive in life. Living the MAX JOY lifestyle is an ideology, an attitude, a way of life. For more than 41 years, ESF has been grounded with individuals who are dedicated to maximizing their own, as well as other's enjoyment in every day life. Living the MAX JOY lifestyle is not about wanting more joy in your life, it is about living the life you always imagined, one memory at a time. It's a high quality experience, moment, or person that sparkles and shines.

Now more than ever, we look forward to seeing your family this summer. We appreciate your continued support and are grateful for the opportunity to spend the summer with your child. The wait is almost over and the countdown has begun! If there is anything we can do to ensure that you get the most out of your ESF camp experience, please let us know at wecare@esfcamps.com or call us anytime at 1-800-529-CAMP (2267).

We are committed to delivering a camp season filled with special experiences that will enable your campers to discover the joys of summer and live their ultimate "MAX JOY" - having fun, playing together, learning new skills, and creating lifelong memories with friends.

See you soon!

MICHAEL J. ROUSE
Executive Director & Co-Founder

P.S. We will keep you informed whenever we update our COVID-19 Symptom Management Plan based on the CDC and the DOH guidance.
