CAMPS OVERVIEW

GREAT SUMMER EXPERIENCES. In all shapes and sizes.

No two campers are alike. And from one year to the next their interests and curiosities change and grow. Their summer experiences should, as well. ESF's summer programs play at many levels, with each activity designed to appeal to its specific age group. So every camp, at every age, promises something new. Because one size does not fit all.

AQUATICS

BOYS & GIRLS, RISING PREK-10th GRADES

"The swimming program was amazing! My son learned so much!" - Rebecca B.

MAKE A SPLASH AT THE POOL!

Swimming is one of the most exciting parts of the camp day. Under the guidance and watchful eye of our Red Cross certified lifeguards and instructors, campers develop life skills too valuable to measure while learning how to swim confidently in a safe and fun environment. We maintain a low staff to camper ratio.

We develop swimmers utilizing the latest teaching techniques and coaching methods. Beginning with water safety skills and basic fundamentals, we then move on to progressive stroke development and refinement of techniques. Our well-established program is designed to be compatible with the unique and ever-changing abilities and skill levels of each camper.

INSTRUCTION BY CAMP

DAY CAMP

Rising PreK-3rd Grades: With daily instructional swimming, campers receive an initial skill assessment and then progress at their own pace. Progress reports are sent home weekly.

SENIOR CAMP

Rising 4th-10th Grades: Recreational swimming is offered daily. If campers choose to participate, they receive an initial deep water safety test to assess their skill level. Optional swimming instruction is also offered 2 days per week, before camp at no extra charge. Progress reports offered upon request.

AFTER CAMP
